

**2008 International Association of Media and
Communication Research (IAMCR) Congress
Stockholm, Sweden
July 20-25, 2008**

**Emerging Theme on Visual Culture
Call for papers**

The Emerging Theme on Visual Culture group invites submissions for the 26th Congress of the IAMCR in Stockholm, July 20-25 2008. We are particularly interested in paper proposals related to this year's theme: Media and Global Divides.

Cultural studies are relevant to this theme and we will organize several panels on visual media research from the critical view point, particularly on visual culture. We would like to encourage submission of papers focusing on cultural studies in non-western contexts including Asia, Africa and Latin America in addition to Anglo-European cultural studies.

Paper abstracts must be submitted by **15 February 2008**, to:
